ALBERT W. WILKERSON, Cashier.

CAUSED BY CRAWFISH

They Burrow Into Waterloo Levee Close to the Base.

WATER POURS FAST

Break at This Point May Result in Great Deal of Damage Being Done in Way of Flooding Hundreds of Acres.

New Orleans, April 14.—The flood situation interest centers in the trouble at Waterloo levee, on the east banks of the river about seventy miles above the city, and advices from there state the situation is considered serious. Water is pouring through a crawfish hole eighteen to twenty inches in diameter, near the base of the levee, and the fear is that before a run around can be built the weakened levee will give way.

Five hundred men are at the scene and four rows of cribbing, the longest 200 feet, have been started under direction of President Leake of the levee board, State Engineer Lewis and planters. A mud box will be built to the rear of the cribbing.

An element of danger is the softened condition of the levees, due to the long period the river has stood against it. The break at this point may be disastrous, putting the Mississippi Valley road out of condition, flooding hundreds of acres of cotton land and truck farms in the new river section, submerging thousands of acres of valuable sugar lands in the Pontchartrain district.

Work at Hymelia crevasse was continued with an increased force of men, but it will be several days before it can be determined whether renewed efforts to close the crevasse will be successful.

Information has reached here that water from the crevasse is flooding large sections of Lafourche parish already, and great damage will be done unless it can be closed. Two crevasses on the lower Lafourche are being closed.

THE MANUFACTURERS.

Annual Meeting Convened With Many Present at New Orleans.

New Orleans, April 14.—The National Association of Manufacturers, representing hundreds of millions of invested American capital, began in Tulane hall what promised to be the most important annual convention in the history of the organization. The session commenced with the reading of President Parry's annual report.

Marshall Cushing, national secretary, followed with his annual report, showing an increase in membership of 100 per cent during last year and a satisfactory financial condition.

The chairman announced standing committees and at 1 o'clock adjournment for luncheon was taken.

The afternoon session was devoted to a discussion of the annual reports and offering resolutions. Delegates are being entertained by New Orleans in royal fashion.

SUMMER RESORT FIRE.

Capital Hotel Was Destroyed and Several Other Establishments.

New Orleans, April 14.—A fire swept East Side, a West End summer resort on Lake Ponchartrain, destroying considerable property. The fire department found difficulty in reaching the scene and the bucket brigade was powerless to stay the flames. The blaze started in the Capitol hotel, which was destroyed, along with a number of smaller business establishments and boat houses. The most serious losses were sustained by members of the Southern Yacht club.

A large number of sloops, catboats and yachts were at anchor in the pond when the fire started and many burned before they could be moved out into the canal. Among the boats burned are some of best known in the Southern Yacht club fleet. The loss is estimated at \$50,000.

Another Message.

Austin, April 14.—The speaker appointed Representatives Calvin, Wood and Jackson as committee to investigate the matter of contempt against Austin correspondent of Beaumont Journal.

The governor sent the following message to the legislature, embracing subjects to consider during the special session: 1. To provide uniform system of text books. 2. To authorize counties to issue bonds for the purpose of improving and maintaining public roads. 3. To provide a method of making application for purchase of state, school and asylum lands and regulating manner of filing same.

Patient's Ribs Broken.

Louisville, Ky., April 14.—Throwing himself upon the mercy of the investigating committee of the board of trustees of the Central insane asylum and begging for protection, declaring that he feared for his life, a patient of the institution who has just recovered from an assault made by an attendant gave his testimony in the presence of a subcommittee representing the grand jury. The patient had been confined to his bed for five weeks on account of two broken ribs and other injuries, which may disable him physically for life.

STATEMENT OF PAYNE

Postmaster General Says Action Is to Be Taken.

TO BE LOOKED INTO.

If Any Wrong Doing Is Disclosed the Parties Who May Have So Offended Will Be Summarily Dealt With.

Washington, April 14.—Postmaster General Payne gave out a statement in which he announced that the investigation of the affairs of the post-office department would be continued and that any parties found guilty of wrong doing would be dealt with summarily. The statement is as follows in part:

During the months of January and February information and reports reached me, which I deemed it for the public interest to investigate, and I, personally, gathered such information and facts as would enable the proper officers of the department to undertake a thorough investigation as to the truth or falsity of these reports. I directed Fourth Assistant General Bristow to take proper steps to institute the necessary inquiry using for that purpose the postoffice inspectors division and such other methods as would thoroughly ascertain the truth or falsity of the charges or insinuations made, and he was instructed to proceed promptly and with a vigor during my absence. Since my return I have not seen General Bristow, so I am not advised of the progress made. The investigation will continue and if any wrong doing is disclosed the parties guilty of such wrong doing will be summarily dealt with. If the system or method of doing business in the department is faulty the proper remedies will be applied without fear of favor. I inaugurated the investigation with the determination that it should be exhaustive. It is proper for me to add that I laid before the president information which I had in my possession and that he fully approved of the action proposed by me.

The administration of the postoffice department is made the subject of the investigation under the postmaster general's suggestion; will be probed thoroughly and the inquiry be made as thorough as the most expert directors can make it. At the same time Mr. Payne's purpose is to give fair and just treatment to all concerned and not to act arbitrarily and with undue haste. For this reason it can be stated that no immediate changes of importance in the personnel of the service are now contemplated and changes will depend largely on the report to be made by Fourth Assistant Postmaster General Bristow on the investigation, although developments meantime may necessitate some deviation from this policy.

FOR THREE SESSIONS.

Committee Appointed to Investigate the Action of a Newspaper Man.

Austin, April 14.—In the house Monday Mr. Murrell introduced a resolution calling for three daily sessions.

Substitute motion by Mr. Terrell of Travis for motion by Mr. O'Quinn that the staff correspondent of the Beaumont Journal, who had avowed himself the author of an article published in that paper reflecting unjustly on the membership of the house should be arraigned by the sergeant-at-arms and required at the bar of the house to purge himself of the contempt, was brought up. The substitute motion was lost by a vote of 83 to 7.

The original motion by Mr. O'Quinn providing for a special committee of three to be appointed by the speaker to investigate the matter written about, ascertain who is the staff correspondent of the paper at the capital and report their findings to the house as soon as practicable, prevailed by a vote of 47 to 42.

Senate received message from the governor recommending an appropriation of \$4750 for repairs at the orphan's home. Senator Faulk introduced a bill making the appropriation in accordance with the recommendation. It prevailed.

The house bill providing for the refunding of state bonds maturing Jan. 1, 1904, was recommended to the finance committee on motion of Senator Davidson of DeWitt, who said that it contained provisions which failed to meet with his approval, even though it was prepared by direction of the governor.

SUSTAINS ROGAN.

Land Commissioner's Action in Case of Tolleason Has Been Upheld.

Austin, April 14.—The supreme court has handed down its decision in the case of W. B. Tolleason vs. Charles Rogan, land commissioner, and W. E. Waggoner, a land case upon which many titles depend. The decision was in favor of the commissioner. Tolleason made application to the land commissioner on Jan. 13, 1900, to purchase a certain section of school land in Scurry county. The application was rejected because the land was at that time under lease to Brooks Bell.

BY CONNELLY & CARNES

Per Week, 15c. - Per Month, 40c.

BRYAN, TEXAS, APRIL 15, 1903

It was "blue Monday" on the stock markets day before yesterday, caused by a decision of the United States court that went after railroad combines. The end is not yet.

Alabama is one state that has enough capital (in the opinion of her capitalists). Mine owners of that state object to an exhibition of her mineral resources at the world's fair because it might bring more capital and competition for them. They ought to be elected to the Texas legislature in a body.

Marion, Ala., a solid and substantial county seat and college town in the famous black land belt of Alabama, is adopting live Western methods to accelerate its growth and prosperity, and now has a business league. The editor of the Marion Standard, a live, hustling and energetic newspaper man, wrote for information about the Bryan league, and modeled the Marion league somewhat after our plan. One of the first things attempted by the Marion league was to get some immigration from the Northwest to settle on the unoccupied lands about that place. The Standard says: "Our Marion folks are working in unity as they never worked before, and as a result our town is moving right up the line. The Business League recently organized has now a membership of over one hundred and the number promises to double within a few weeks."

Who would have thought that a little thing like his horse falling with him would have "put out" the great rough rider? But Buffalo Bill is laid up for repairs at Manchester, England.

The Houston Post took a turn at explaining how it is the Kirby Lumber company is not a trust. The Chronicle saw the Post one better and threw lots of editorial boquets at Kirby. Kirby may not have the lumber business "trusted," but evidently has the newspapers of his city all his way. —Bryan Eagle.

Kirby is most loved where he is most known. We grant you this is unusual. —Houston Post.

Who said anything about love?

The new or special session appropriation bill is different in some important matters from the regular session bill. In the A. & M. College appropriation, the old bill itemized the appropriations for salaries, support and maintenance, the legislature thus purposing to assume, to some extent, the duties of the board of directors. In the new bill these matters are included in a lump sum, as has always been the case heretofore. The new bill is quite an improvement in this respect.

The members of Camp J. B. Robertson, U. C. V., have elected the following officers for the ensuing year: Capt. J. J. Adams, commander; Thomas Rowan and B. F. Lemar, lieutenant commanders; W. Gillie Mitchell, adjutant; Dr. J. D. West, chaplain; W. E. Saunders, treasurer; W. B. Baker, color bearer; Gen. H. B. Stoddard, Capt. J. J. Adams, W. Gillie Mitchell, Thomas Rowan, W. B. Baker, W. E. Saunders and B. F. Lemar were elected delegates to the reunion at New Orleans. The adjutant was also instructed to add to the list of delegates the names of any other members of the camp who desire to attend the reunion.

The Southwestern University of Georgetown and the A. & M. College base ball teams will play ball at the Central Texas fair grounds Friday afternoon, game to be called promptly at 4 o'clock. Manager Love of the College team was busy yesterday getting the grounds in shape and everything will be in readiness Friday for a fine game. The College Athletic association will be at considerable expense in bringing the teams here for the games they have arranged to play here and at College. They will have good games, and they hope to have a liberal patronage.

Men's Outfitters

The Eagle has just added to its
equipment a new 25-inch Advance
paper cutter and a No. 10 latest pat-
ent saddle back stapling machine for
pamphlet and book work. These
machines take the place of smaller
ones heretofore used.

Manager Mike succeeded last night
in booking by wire the Nobles Dram-
atic Company for the week of
April 20. The company has a band
and orchestra and will play at popu-
lar prices—25, 35 and 50c.

You can see the picture of the book,
showing its binding exactly, select
the quality of the paper, and save
lots of uncertainty and annoyance, if
you will phone the Eagle office when
you want a blank book of any kind.
We represent Exline of Dallas, the
biggest house in the South.

C. H. Holmes' Ice Cream Parlor
and Soda Fountain are open and
ready to serve the public in the very
best style with good pure cream and
cold drinks of all kinds. "The best
only" is his motto. 119

Col. Roy W. Hearne, commanding
the Second Texas regiment of the
volunteer guard, was here yesterday
morning and inspected the Bryan
Light Guards. There were twenty-
five men of the company present.
The inspection was thorough and
Col. Hearne very frankly told the
boys of their deficiencies.

For prescriptions, drugs, perfum-
ery and toilet articles remember
Hall's Drug Store is the place. 110

E. J. Jenkins was called to Opa-
lousas, La., yesterday on account of
the death of Mrs. B. R. Splane,
which took place yesterday morning
at 1 o'clock. Mrs. Splane was a sis-
ter of Mrs. Jenkins and a daughter
of Mr. J. C. Williams deceased. She
was reared in Bryan and was an ex-
ample of noble christian woman-
hood. The people of Bryan are deep-
ly grieved by the tidings of her
death.

The mayor and chairman of the
street committee are making a close
inspection of the alleys and out-
houses about town and propose to
have everything cleaned up thor-
oughly and put in good shape before
the hot weather begins. Parties who
do not clean up their premises volun-
tarily will be notified and required
to do so. This is a highly commend-
able move, and one in which the of-
ficers should have the hearty support
and cooperation of everybody.

The new well now being bored at
the water and light plant is down to
a depth of 55 feet. It is just south
of the well now in use and Manager
Preston says if it will flow as good a
stream under the pump as the old
well now does without diminishing
the old well he will have all the
water he wants for the town and
probably enough to sprinkle the
streets. The well now in use is 175
feet deep. A large pump has been
purchased for the new well

For the iron bed—Coulter's fringed
counterpanes. 111-27

HARRIMAN'S POWER.

He is Said to be Largely Instrumental for Removal of Offices.

San Francisco, April 14.—The general offices of Wells, Fargo & Co., which have been maintained at San Francisco ever since the establishment of the company, over half a cen-

E. H. HARRIMAN.

tury ago, are to be removed to New York next month. Directors' meetings henceforth are to be held at New York, as well as annual meetings of the company, and new arrangements, it is said, will in all probability necessitate some changes in the personnel of the board. According to the Chronicle, the influence of E. H. Harriman is said to be largely responsible for change of headquarters, as he wished to be in close touch with the express company's offices.

EN ROUTE TO ALGERIA.

President Loubet of France Recipient of Courteous Ovation.

Marseilles, April 14.—President Loubet arrived from Paris on his way to Algeria after receiving continuous ovations along the route.

During the day M. Loubet made several short speeches mainly expressive of his sturdy republicanism.

Only one minor disturbance was reported. This was between a group of Socialist agitators and a number of adherents of the army. Blows were exchanged and the police interfered. Several persons were injured, three of them severely. This was due to the denseness of the crowds and interrupted the popular demonstration to the president.

HILL SPOKE.

Ex-Senator Principal Speaker at Democratic Press Banquet.

Albany, N. Y., April 14.—One hundred members of the Democratic press of New York Monday night sat down at the banquet of state Democrats Editorial association in celebration of the birthday of Thomas Jefferson. David B. Hill spoke on "The Empire State Democracy." He attacked the prominent policies of the present Republican administration in New York. He ridiculed the policies of President Roosevelt as vacillating and unduly tender to the great monopolies, and said the whole Republican administration was clamoring for delay in dealing with the trust question. His final plea was for Democratic harmony, which he declared would assure victory for the party.

In Memory of Jefferson.

Washington, April 14.—Senator Hoar and Governor Montague of Virginia, former Postmaster General Chas. Emory Smith of Philadelphia and W. J. Bryan were the principal speakers at a dinner given at the Hotel Barton Monday night under the auspices of the Thomas Jefferson Memorial association in celebration of the one hundred and sixtieth anniversary of the birth of Thomas Jefferson. Thomas Nelson Page was toastmaster. The dinner was not of a political character.

PROGRESS MADE.

Work on the Break at Hymelia Was Resumed There Monday.

New Orleans, La., April 14.—The river here Monday night stood 19.9, a slight fall. Work on the break at Hymelia was resumed and some progress made. The aim is to build the new cribbing in forty-eight hours and if this is accomplished the chances for success are excellent.

Chief Engineer Wathen of the Texas and Pacific is expected there and if he considers the prospects good the road will throw its resources into the movement and aid in a quick campaign. In the meantime, quarters and other accommodations are being rushed to the scene, so that the labor can remain at the spot constantly.

FATAL TO FIVE.

That Number of Lives Lost by a Gas Explosion at Carbon, I. T.

South McAlester, I. T., April 14.—Five men were killed and two severely burned Monday by a gas explosion in mine No. 77 of the Kansas and Texas Coal company at Carbon, I. T. The dead: Floyd Odor, George Teek, Frank McMullin, Jerry Kincaid, O. G. Fields. The injured: Robert McCrany and Ben Hamilton. The cause of the explosion is unknown. Seventy-five men were in the mine.

All Former Governors Invited.

Guthrie, Okla., April 14.—Invitations were extended by Governor Ferguson and the Oklahoma World's fair commission to all ex-governors of Oklahoma to participate in the laying of the cornerstone of the Oklahoma building at St. Louis on May 1, and to occupy a place with Oklahoma in the dedication parade. The list of ex-governors includes Congressman George Steele of Indiana, W. C. Renshaw of Joplin, Mo., A. J. Seay of Kingfisher, Okla., C. M. Barnes and William M. Jenkins of Guthrie.

For Territory Exhibit.

Washington, April 14.—Secretary Hitchcock has received information that the Indian Territory already has nearly \$25,000 subscribed and will certainly before June 1, turn over the \$25,000 in cash required to make available the conditional appropriation made by congress for an Indian Territory exhibit at the World's fair. That will mean a \$50,000 exhibit for the Territory.

Convention Called.

South McAlester, I. T., April 14.—Having received favorable replies to his letter to the other governors in behalf of a constitutional convention to frame a constitution and ask for admission of Indian Territory as a separate state at the dissolution of the tribal government, Governor McCurtain of the Choctaw nation has issued a call for such a convention at Eufaula Wednesday, May 20.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet. Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents.

Mrs. Fred Vnrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born, I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Mrs. Fred Vnrath.

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer from childbearing. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

A million suffering women have found relief in Wine of Cardui.

WINE of CARDUI
